

BATTING CAGE RULES

The following ground rules have been established by the Borza's Recreation Center Corp.

To ensure the safe and efficient usage of the batting cage these rules must be adhered to at all times during use of the batting cages. Individuals and/or teams observed to be in violation of said rules are subject to loss of privilege, as deemed appropriate by the Borza's Recreation Center Corp.

- The batting cages are intended for use only as designed, not as "play" areas. If the batting cage is not being actively used for its intended purpose, it must remain locked. Children are not permitted to play in the cage under any circumstances.
- Abusive use and/or damaging of the batting cages will result in immediate removal and loss of privilege.
- During use, only 1 player is permitted in the cage at a time to hit. Players awaiting their turn shall do so outside the batting cage away from the netting.
- All batters are required to wear a Little League approved protective batting helmet at all times while in the batting cage.
- When in use, the access netting must be closed, so as prevent outside observers from being exposed to hit balls.
- **NO** unsupervised "practice swinging" is permitted immediately outside the cage area. Soft-toss hitting, using wiffle-type balls, is allowed inside the cage, with adult supervision.
- "Live" pitching in the cage is not allowed under any circumstances.
- When the pitching machine is being used, the pitcher/feeder must be an adult. Children are not permitted to feed the pitching machines under any circumstances.
- There is a protective pitching screen provided in the batting cage. It must be used at all times to protect the pitching machine from hit balls.
- Machine is to be turned off while balls are being retrieved in the cage.

The undersign states that he and his students has reviewed and will abide by the batting cages rules that have been established by the Borza's Recreation Center Corp.
